#### **Implementing and Expanding Telehealth to Address COVID-19**

**Thursday, March 19, 2020 12:00 PM - 1:00 PM EDT**

Telehealth is being promoted as an essential strategy to ensure ongoing care during the Coronavirus pandemic. On a daily basis, the rules related to provision of, and payment for telehealth are evolving, and misinformation is abundant.

In particular, the New York State Departments of Health and Financial Services have established clear policies for requiring insurers to cover telehealth visits with even the most basic of technology. This webinar will discuss the current landscape, and changing rules, for providing telehealth including reimbursement, data security, telemental health and consents.
